# About Us

Colombia Remote Adventures was founded in 2014 by Eliceo Matapi Yucuna, a proud Indigenous guide from the heart of the Colombian Amazon. More than a tour company, we offer authentic, community-led experiences that connect travelers with the rainforest and its original guardians. Our tours are rooted in ancestral knowledge, cultural respect, and environmental care. Featured in Lonely Planet and Bradt guidebooks, we're committed to responsible tourism that directly supports Indigenous families, local education, and conservation projects.

***Travel with purpose. Discover the Amazon through Indigenous eyes.***

# Tour Itinerary

## Amazon Nature Tour

1

### DAY 1 TREE HOUSE RESERVE

Enjoy the immersive experience of the Amazon Jungle on a Natural Reserve.

2

### DAY 2 MARASHA

Join us into the Peruvian Amazon Side and visit a Village build on the edge of the River and enjoy the activities around it.

3

### DAY 3 PUERTO NARIÑO

Discover a beautiful town full of culture and history on the edge of the Colombian Amazon.

4

### DAY 4 LETICIA

The last stop from our tour, the biggest city of the Colombian Amazon.

# What's Included?

- Drink Pairing (Non Alcoholic)
- Entrance Fees
- Boots for Jungle Hikes
- Expert Bilingual Tour Guides

## ✗ What's NOT Included in our Tour?

- Flight Tickets
- Tax Entrance in Leticia
- Alcoholic Beverages

# Day 1: Tree House Reserve

After welcoming you at the airport, we begin our trip with a taxi ride along the road via Tarapaca to a Natural Reserve where we will find a tree house. We will have lunch and then we will walk until we reach the tree house. At the end of the afternoon we will have time to rest and immerse ourselves in the beauty of the jungle. After dinner we can do a night walk to explore the jungle in the dark and be able to observe different types of insects and animals of that environment.

First thing in the morning we will start the day with a short walk until we reach one of the platforms where we will begin the ascent in ropes to the first platform located 40 meters high. After a panoramic view of the canopy, the highest part of the jungle, we will start to go from tree to tree with zip lines. After the hight path we will have fresh breakfast at the reserve.

## Day 2: Marasha

Breakfast at the Natural Reserve is followed by a taxi and boat ride to the Marasha Nature Reserve in Peru. We will have to walk for approximately 1 hour and 45 minutes until we reach the Reserve's facilities. During the walk, you will experience the jungle, learn about timber and medicinal trees. Furthermore, there is the opportunity to observe different species of birds that inhabit the area. After lunch at the Nature Reserve we can go Piranha fishing, bird watching, canoeing or kayaking around the river and see some beautiful spots close by. In the evening, after dinner, you have the option to head out for some caiman spotting in canoas and enjoy the night sky

# Day 3: Puerto Nariño

After we will take the local shared boat to reach Puerto Nariño where we're going to have lunch, walk a little bit in the small town and then we're going to visit the Tarapoto Lake, where we will hopefully spot pink and grey dolphins, exotic birds, and will have the opportunity swim in the lake and also to try some traditional piranhas fishing. After visiting the lake we're going to head to Puerto Nariño. We end our day with dinner at Doña Luz or we can help you explore some typical local street food

## Day 4: Leticia

We will have breakfast early in the morning and take the boat to Leticia, which will take us around 2 hours. We will then drop you off in town or take you to the airport as requested.

# Social Project

## Faces of Tomorrow

Colombia Remote Adventures was created to offer authentic, adventurous experiences in the Amazon while supporting local communities and promoting environmental awareness. A portion of the profits goes toward purchasing school supplies and uniforms for indigenous children, helping them access education. The organization also aims to establish a conservation project or nature reserve, planting trees for each booking and caring for the area's wildlife and vegetation, as part of a long-term commitment to protect the Amazon rainforest.
